CONTENTS OF VOLUME 256

Growth Hormone, Prolactin and FSH Release by the Tachykinin Dodecapeptide Kassinin in the Rat. *H.-G. Güllner, H. Yajima, D. Herbert and W. W. Owen.* . . 4

Dual Effect of Naloxone on Drinking Behaviour of Rats. *F. Cantalamessa, G. de Caro, M. Massi and L. G. Micossi.* 10

Centrally Induced Cardiovascular Effects and Kinetic Behaviour of Isoarecaidine Propyl Ester in the Cat. *A. J. Porsius, G. Lambrecht, U. Moser and E. Mutschler* 22

Responses of the Rat Tail Artery to High External Potassium Concentration. *J. H. Polidoro and E. A. Savino.* 36

Effect of a New Potent H_2-Blocker, 3-[[[2-[(diaminomethylene)amino]-4-thiazolyl] methyl]-thio]-N^2-sulfamoylpropionamidine (YM-11170) on Gastric Secretion Induced by Histamine and Food in Conscious Dogs. *T. Takagi, M. Takeda and H. Maeno.* 49

Clofibrate, Calcium and Cardiac Muscle. *A. S. Fairhurst, G. Wickie and T. Peabody.* 59

Diltiazem and Contraction in Cat Ventricular Muscle during Experimentally Induced Right Ventricular Systolic Hypertension. *S. S. Wong, R. J. Myerburg, A. M. Ezrin, W. S. Fitterman and A. L. Bassett.* 76

Effects of Vagal Stimulation and Carotid Body Chemoreceptor Stimulating Agents on Phrenic Nerve Activity in Vagotomized Rabbits. *S. Matsumoto.* 85

Comparison of Airway Obstruction Induced by Propranolol and YM-09538 (A Combined α- and β-Adrenoceptor Blocking Drug). *K. Tomioka, T. Yamada and T. Takenaka* 97

Pharmacological Effects of Several Drugs on the Myoepithelium and the Vascular Smooth Muscle of the Lactating Mammary Gland in Goats. *K. Oguro, H. Hashimoto and M. Nakashima.* 108

Biochemical Cardiac Risk Factors during Diuretic Therapy. *F. A Hubbell, M. A. Weber, R. L. Winer and D. E. Rose.* 123

Postnatal Development and Behavior in Offspring of Enflurane Exposed Pregnant Rats. *M. A. Peters and P. M. Hudson.* 134

Specific Binding of a Superagonist Analog of Gonadotropin Releasing Hormone (GnRH) to Rat Pituitary Cells and Purified Gonadotrophs in Primary Culture. *M. Andries and C. Denef* 145

Opiate Receptor Involvement in the Quasi-Morphine Withdrawal Syndrome Induced by Acute Injection of R 18 503. *D. Ashton and A. Wauquier.* 148

Production of 6-Oxo-$PGF_{1\alpha}$ by Aorta Rings in the Presence of Ascorbic Acid. *J. R. Beetens, R. Van Den Bossche and A. G. Herman.* 151

Gastric Relaxation by Intravenous and Intracerebroventricular Administration of Apomorphine, Morphine and Fentanyl in the Conscious Dog. *J. P. Blancquaert, R. A. Lefebvre and J. L. Willems.* 153

L-Tyrosine and Adrenergic Neuroeffector Interaction in the Canine Saphenous Vein. *P. J. Boels, E. Coen and P. M. Vanhoutte.* 155

Release of Newly Synthesized ^{3}H-Noradrenaline from Adrenergic Nerve Endings in the Canine Saphenous Vein. *P. J. Boels, W. P. De Potter and P. M. Vanhoutte.* 157

Voltage Clamp Analysis of the Pacemaker Current in Single Purkinje Cells of the Cow Heart. *G. Callewaert, E. Carmeliet, G. Van der Heyden and J. Vereecke.* . . 159

Effects of Prostacyclin on the Contractile Performance of Cardiac Muscle. *M. M. Couttenye, N. M. De Clerck, A. G. Herman and D. L. Brutsaert.* 161

An Unusual Prostaglandin-Mediated Response of Rat Stomach Strip to Anaphylatoxin. *J. Damas* 163

Hypotension and Bradycardia by Intravenous Apomorphine in the Anaesthetized Cat: No Evidence for a Central Mechanism. *J. M. De Meyer, W. A. Buylaert and M. G. Bogaert.* 166

Inotropic Effect and Binding Sites of Ouabain to Rat Heart. *M. Finet, F. Noel and T. Godfraind* 168

α_1- and β_2-Adrenoceptor Stimulation and Ca Fluxes in Isolated Rat Aorta. *T. Godfraind and R. C. Miller.* 171

Yohimbine Inhibits the Potentiation by Moderate Cooling of Norepinephrine-Induced Contractions of Canine Blood Vessels. *W. J. Janssens and R. H. Verhaeghe.* 173

Vernolepin and Platelet Aggregation. *G. M. Laekeman, J. Mertens, J. Totte, H. Bult, A. Vlietinck and A. G. Herman* 175

The Pharmacokinetics of Mebendazole and Flubendazole in Animals and Man. *M. Michiels, R. Hendriks, J. Heykants and H. Van den Bossche* 180

Rabbit Mesenteric Artery Receptors Formed by Cold Exposure Mediating Increased Histamine-Induced Relaxation. *M. A. Horst, C. P. Robinson and V. J. Christiansen* 192

A Possible Mechanism Involved in Generation of Automaticity of Isolated Human Renal Artery. *S. Ueda, K. Ikegami, K. Yonemura and M. Sakanashi* 204

Sites of Analgesic Action of Cyclazocine: A Study Using Evoked-Potentials at Various Regions of the CNS by Electrical Stimulation of Rabbit Tooth Pulp. *F.-W. Foong, M. Satoh and H. Takagi* 212

Some Observations on the Effects of Enantiomers of Two Benzomorphan Narcotic Antagonists and Atropine on Analgesia, Tremor and Hypothermia Produced by Oxotremorine. *M. M. Ben-Sreti, R. D. E. Sewell and N. Upton* 219

Involvement of the Dopaminergic System in the Regulation of the Caudate Spindle in the Rat. *K. Kamata, H. Aoki and T. Kameyama* 228

Potentiation of the Myocardial Actions of Adenosine in the Presence of Coformycin, a Specific Inhibitor of Adenosine Deaminase. *A. J. Szentmiklósi, M. Németh, Á. Cseppentő, J. Szegi, J. Gy. Papp and L. Szekeres* 236

Characterization of Antiarrhythmic Drugs by Alternating Current Induced Arrhythmias in Isolated Heart Tissues. *U. Borchard, R. Bösken and K. Greeff* . . 253

Effect of Lidocaine on Conduction within Normal and Acutely Ischemic Ventricular Myocardium of Dogs. *K. Okumura, Y. Horio and H. Tokuomi* 269

Secretory and Vascular Responses to 1,1-Dimethyl-4-phenylpiperazinium (DMPP) of the Blood-Perfused Canine Pancreas. *K. Iwatsuki, K. Ikeda, F. Iijima and S. Chiba* 283

A Study of the Probenecid Effect on Amino Acid Accumulation in Kidney Cortex Slices. *A. Wack, C. Woermann and W. Braun* 292

Regional Distribution of Serotonin-2 Receptor Binding Sites in the Brain and Effects of Neuronal Lesions. *J. E. Leysen, R. Geerts, W. Gommeren, M. Verwimp and P. Van Gompel* 301

Effect of Ranitidine (Inhibitor of H_2 Receptors) after i.v. Injection to Patients Treated in an Intensive Care Unit: Control of Gastric Acid Secretion and Estimation of Drug Plasma Levels. *H. Macchi, R. Fiasse, M. Reynaert, J. P. Desager and C. Dive* 306

Etomidate and Corticotrophic Axis. *P. Preziosi and M. Vacca* 308

Dose-Dependent Stimulation of Antroduodenal Coordination by Domperidone via Specific Dopamine-Receptors. *J. A. J. Schuurkes and J. M. Van Nueten* 311

c-AMP Levels Decreased by Dopamine in Cultured Rat Pituitary Lactotrophs. *L. Swennen and C. Denef* 315

Effect of Dopamine on Plasma Membrane Phospholipid Methylation of Cultured Anterior Pituitary Cells. *L. Swennen, C. Denef, P. Van Gompel and J. E. Leysen* 317

Biotransformation of Arachidonic Acid by the Antrum Pyloricum of the Bovine Abomasum. *G. Vandeplassche, M. Claeys, W. Oyaert and A. Houvenaghel* . . . 320

The Influence of Prostaglandins on in vitro Motility of the Antrum Pyloricum of the Bovine Abomasum. *G. Vandeplassche, M. Korteweg, G. Verdonk, W. Oyaert and A. Houvenaghel* 324

Dipyridamole Stimulates Prostacyclin Production in Isolated Rat Aortic Tissue. *V. J. S. Van de Velde, H. Bult, H. Weisenberger and A. G. Herman* 327

Vascular Endothelium and the Relaxation Effect of Histamine on Aorta of the Rat. *J. Van de Voorde and I. Leusen* 329

Serotonergic Responses in Vascular and Non-Vascular Tissues. *J. M. Van Nueten, J. E. Leysen, P. M. Vanhoutte and P. A. J. Janssen* 315
